In Re Application of:

Kawazoe et al.

Serial No.: 10/516,377

Filed: November 30, 2004

Examiner:

Art Unit:

For: Electrode Material And Semiconductor
Element

I hereby certify that this correspondence
is being deposited with the United States
Postal Service as first class mail in an
envelope addressed to:
Commissioner for Patents, P.O. Box 1450,
Alexandria, VA 22313-1450, on 1/5/05

Shannon Wallace

Date: January 5, 2005

INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Pursuant to 37 C.F.R. §1.97, as revised on February 4, 1992, 1135 OG 23-24, Applicant hereby calls the Examiner's attention to documents listed on the attached form, which documents may be material to the examination of this application. A copy of each of the documents is enclosed herewith for the Examiner's consideration.

Applicants are including with this IDS a copy of the Search Report from PCT/JP2004/005868 for which this application claims priority. Applicants are also including the references cited in that search report.

The other references cited herein are discussed in the specification of the present application. Please see the following pages of the specification of the present application, page 1 which discusses Japanese Unexamined Patent Publication Hei 07-029924, pages 3-4 which discuss Japanese Unexamined Patent Publication Hei 07-221348 and Japanese Examined Patent

Publication Sho 59-18877 and page 5 which discusses the Konagai reference, for a more detailed explanation of those reference in Japanese.

The citation of the above-discussed documents is not to be construed as an assertion that more pertinent art could not possibly be in existence. Citation of any document herein is not to be construed as an admission that any subject matter disclosed in the document is necessarily within the inventive field of endeavor, that any disclosure is necessarily prior in time to a particular date which may be relevant to the instant patent application, and/or that any disclosure is otherwise necessarily prior art with respect to the instant invention.

Applicant also respectfully reserves the right to later set forth how the instant invention is distinguished over the disclosure of any document or other art, including the disclosure of those documents discussed herein, that may be cited by the Examiner in rejecting a claim in the instant patent application.

As an Office Action or Notice of Allowance has not yet issued on this application, no fee is believed necessary. However, please charge our Deposit Account No. 50/1039 for any necessary IDS filing fee.

Respectfully submitted,

Date: January 5, 2005

Mark J. Murphy
Registration No.: 34,225
